

“COMMUNITY ENVIRONMENT AND SKILLS CENTER”

Interactive Educational Tours

MICE - Leave Something Behind and Team Building

INTRODUCTION

Set in the Sawangan Hill Side overlooking Nusa Dua with views to Penida Island and on a clear day Lombok Island, Role Foundations runs the Zero Waste to Oceans Education and Demonstration Facility.

Role Foundation raises funds through interactive education and tours to help pay for it's local children's and Bali wide councils Waste Management Education programs.

Interactive Tours can be part of your MICE visit to Bali or an Educational Tour or a Team Bonding/Building Exercise.

We have set programs or we can help you organise an original interactive tour around a specific topic or activity.

1. THINK GLOBAL, ACT LOCAL TOUR - FOR OVER 15 YRS OLD

Group Discussion -

- What are the global environmental issues that are effecting our beautiful Mother Earth and the future of mankind. Ask the group? Write on the white board. Discussion.
- What can we do locally that will help the global health of the environmental situation? Ask the group? Write on the white board. Discussion.

Pick 3 of the 5 work shop options below in advance -

1. Composting - Group are taught layered composting and the use of micro organism.
2. Plant a Seedling - Group is taught about seed banks and how to plant a seedling.
3. Seed Ball - Group is taught about seed ball reforestation system and how to make a seed ball.
4. Tree Planting - How to plant a tree, where and why.
5. Organic Cement Walls - How to build an organic cement wall.

This is a 2.5 hour interactive tour with a refreshing drink and Balinese Cakes serve after the group discussion.

2. WASTE TO WONDER TOUR - FOR 15 YRS OLD AND UNDER

Group discussion -

- What is Waste? How many types of waste are there?
- What are the problems associated with poor waste management?
- How to handle Solid Waste? Separate into Recycleable, Non-Recycleable and Organic matter
