

PRE-ASSESSMENT SDN 9 BENOA

- Each classes have their own trash bin. However, they don't have separate bin so all the waste are mixed
- Sink is available for washing hands
- The school have their own garden and besides planting it with flowering plants, they also plants tomato
- Their waste are picked up by third party (from Banjar) and they have their own temporary dumping site behind the school
- **Below is the pre-program school assessment:**
